Step-by-step guide of accessing MIC online.

This guide provides a step-by-step guideline in order to get access to Modeling, Identification and Control (MIC) online. You need to subscribe for MIC at <http://www.itk.ntnu.no/publikasjoner/mic/mic.html>. There are three types of subscriptions, *Student*, *Personal* and *Institutional*. Student and Personal subscriptions are indistinguishable in this guide and are from now just referred to as Personal. When you have subscribed for the appropriate type of subscription, you will receive a confirmation letter that provides you with a unique 4 digit *subscription id*. The guide helps you accessing MIC online if you are new to Ingenta Connect. If you already have an account in Ingenta Connect, this information is probably not useful to you.
